

NAPOLEON

NT Series Heat Pumps  
[napoleon.com](http://napoleon.com)

# THINK DIFFERENT. THINK NAPOLEON.

Napoleon's NT Series Heat Pumps are perfect for heating and cooling your home. With a natural taupe color and WHISPER QUIET™ operation, they blend into the landscape of any home. Available in a variety of sizes, the Napoleon NT Series heat pump can meet a wide range of home comfort needs.

**That's Napoleon.**

## GREEN TECHNOLOGY

Napoleon NT Series Heat Pumps are made with the environmentally conscious, chlorine-free refrigerant R-410A. Refrigerants are fluids that are housed within the coils of your heat pump to cool, heat and dehumidify your home. By using a refrigerant that is chlorine-free, Napoleon heat pumps do not contribute to ozone depletion and offer higher efficiency ratings. In addition, R-410A refrigerant reduces power consumption and increases the durability of your compressor, extending the life of your Napoleon NT Series Heat Pump.

Napoleon NT Series Heat Pumps are made with modern fan blade technology. The unique upswept blades increase efficiency, slicing through the air easily which decreases sound levels and ensures very little vibration. Napoleon swept fan blades are made with a plated steel hub and aluminum blades to ensure longevity.

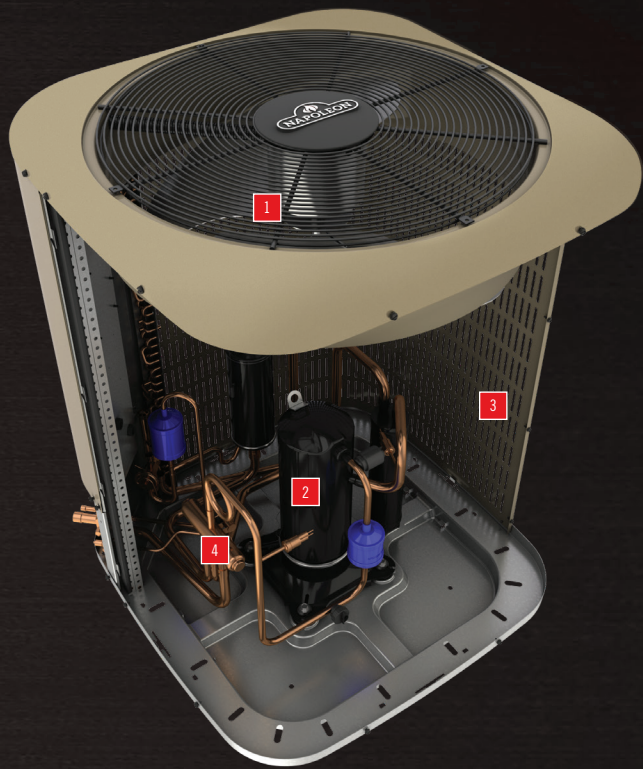

## WARRANTIES

**10** YEAR | COMPRESSOR  
LIMITED WARRANTY

**10** YEAR | PARTS

## OUR DIFFERENCE IS IN THE DETAILS

# 4 WAYS TO COUNT ON THE BEST

- 1 Swept Fan Blades**
  - Contoured blades provide quieter operation and efficient air flow
  - Fans are made up of 2 or 4 fan blades to accommodate the cooling capacity of the unit
- 2 Scroll Compressor**
  - Industry leading scroll compressor
  - Contains built-in enhanced temperature and pressure protection
- 3 Extruded Slot Side Panels**
  - Extruded slot side panels protect your Napoleon heat pump while allowing the right amount of air flow
  - Powder coated cabinet panels withstand 1000 hours of salt spray testing
- 4 Reverse Valves**
  - Your heat pump's reverse valves allow your home to be heated or cooled, depending on your needs
