Redefine Your Home Experience

Enjoy the expanded sense of space and the comfort of a
unique modern fireplace.

Versatility

A flame viewing experience unlike any
other. From the sleek linear burners of
the R Series, to the robust towering
flames of the RP424, our catalog
offers endless choices in flames
across a variety of burner media.

Technology

Montigo's patented COOL-Pack
technology is featured in the RP424,
creating a cool-to-the-touch glass
surface without a safety screen
obstructing your view.

Our Guarantee

Rest assured our uncompromising
quality and long-term reliability is
backed by our limited 10-year warranty.

RP424 Peninsula with NG flame
(shown with driftwood and speckled stones)

R820 with NG flame
(shown with standard White/Opal/Opaque fireglass)

R Series Single Sided

Balanced design in elegant proportions. The R Series single sided models are power vent dedicated fireplaces, characterized by a generous landscape viewing area and linear burner. The single sided model is available in 5 viewing sizes.

R520ST with NG flame
(shown with standard White/Opal/Opaque fireglass)

R Series See Through

The R Series see through – the standard of excellence in linear fireplace design. The R Series see through model is a two sided fireplace characterized by a landscape viewing area and linear flame. Rock or tile can be installed over the firebox frame for a clean minimalist look. The unit is available in 4 sizes with the option of making it an indoor-outdoor fireplace using our sealing kit.

RP424 Peninsula with NG flame
(shown with driftwood and speckled stones)

RP424

The RP424 Peninsula - Montigo's most advanced residential fireplace with no safety screen required. A power vent dedicated fireplace compatible with the 300-Series exterior vertical or flush louvered power vents. Combustible materials can be installed over the firebox at zero clearance for a clean, frameless appearance.

RP620 with NG flame
(shown with driftwood and speckled stones)

RP620

The RP620 is a single side power vent dedicated fireplace, compatible with the 300-Series flush exterior, vertical or flush louvered power vents. Characterized by the large scale linear firebox of the R Series and the premium options of the P Series. Rock or tile can be installed over the firebox frame for a clean minimalist look.
